- 2) **SUBMITTING YOUR BALLOT:** The very best practice is to use an official election drop box and drop your completed ballot an official drop box the day you receive it in the mail. Find your closest drop box online by going to <https://ballotmap.org/> The last possible moment you can drop off your ballot at a drop box is before 8 p.m. on Election Day.
- 3) If you choose to mail your ballot, the USPS recommends you submit it at least a week before Election Day or your ballot/vote may not get counted. before 8 p.m. on Election Day.

And remember every vote counts, you made a civic commitment to me and our democracy to do this: EVERY VOTE COUNTS, INCLUDING YOURS!

Thank you for VOTING and for supporting my work as a citizen-scholar-! I appreciate it!
